3.3	JS	35

1. Uvod

1.1 Korišćene tehnologije

Za izradu sajta korišćene su sledeće tehnologije:

- HTML 5
- CSS 3
- JavaScript
- jQuery
- Visual Studio Code

1.1 Opis funkcionalnosti

Sajt poseduje sledeće funkcionalnosti:

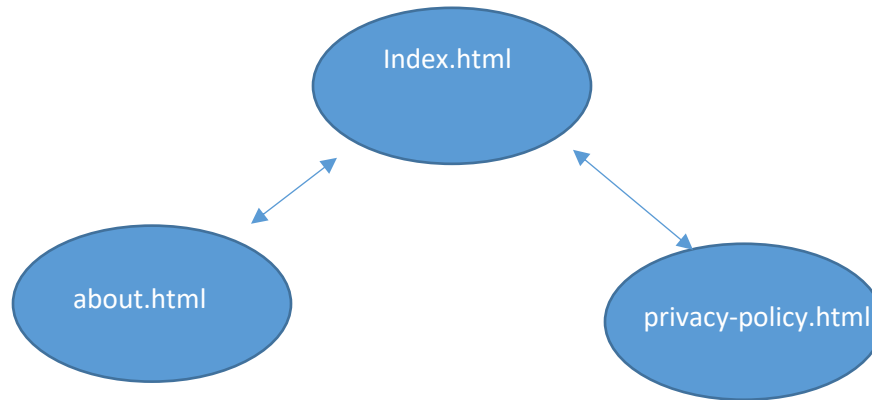

- Dinamičko ispisivanje menija na svim stranicama
- Dinamičko ispisivanje dela futera na svim stranicama
- Strelicu za povratak na vrh stranice nakon skrolovanja na svim stranicama
- Prilagodljivost za sve vrste uređaja
- Dinamički tajmer koji odbojava istek promocije na index.html stranici
- jQuery plugin za dinamički carousel na index.html stranici
- Dinamičko ispisivanje svih delova sajta koji se ponavljaju
- Provera unosa podataka prilikom unosa podataka pomoću regularnih izraza na index.html stranici

1.2 Template

Za izradu sajta korišćen je [Corso Template](#) .

2. Organizacija

2.1 Organizaciona šema

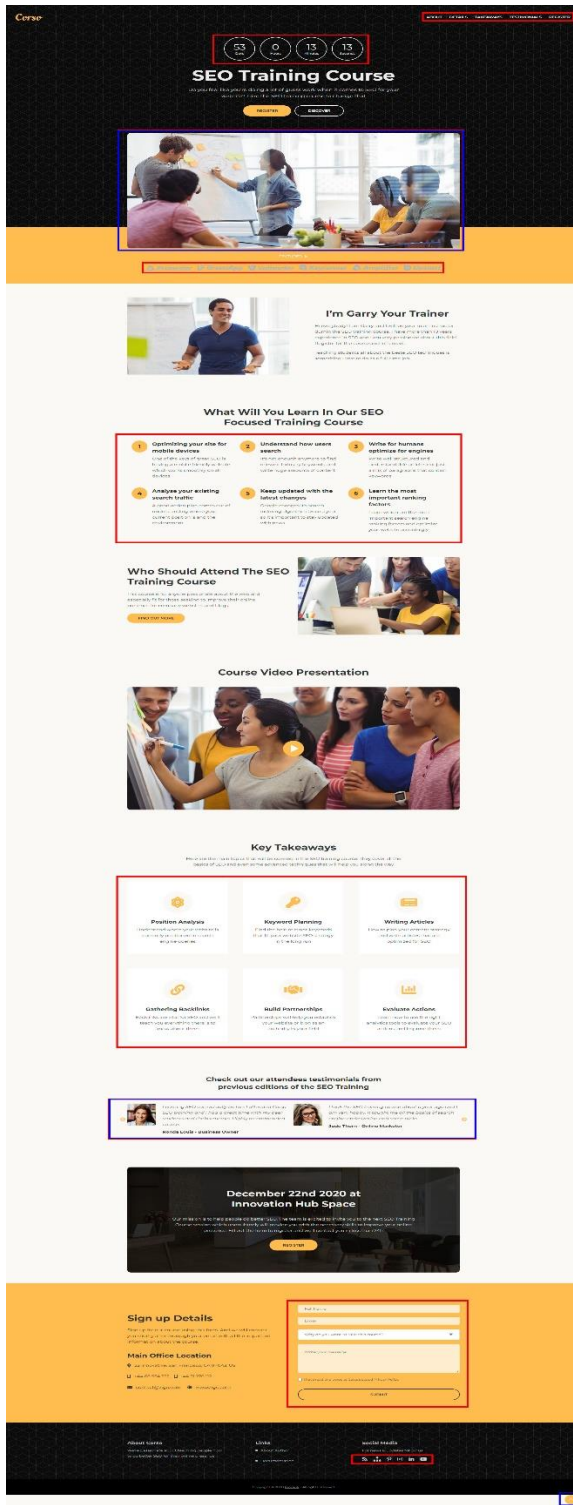

2.2 Mapa sajta

```
3. <urlset xmlns="http://www.sitemaps.org/schemas/sitemap/0.9">
4.   <url>
5.     <loc>https://david8820.github.io/Corso/</loc>
6.     <lastmod>2022-02-03</lastmod>
7.     <changefreq>weekly</changefreq>
8.     <priority>1</priority>
9.   </url>
10.</urlset>
```

contact you shortly with all the information.**

Pri učitavanju stranice se, pomoću JavaScript-a, iz niza objekata dinamički iščitavaju svi delovi sajta koji su obeleženi crvenom bojom.

Pri vrhu stranice se nalazi counter koji dinamički odbrojava istek promocije.

Klikom na dugme "Find out more" u četvrtoj sekciji sajta se otvara modal pomoću jQuery plugin-a "Magnific Popup" koji je inicijalno bio korišćen u template-u. Ali se lista u modalu iščitava dinamički iz custom JS-a.

Delovi sajta koji su obeleženi plavom su inicijalno dinamički ispisani pomoću custom JS-a, ali njihova funkcionalnost carousel-a je napravljena pomoću jQuery plugina "Slick". Ovaj plugin nije inicijalno korišćen u template-u već je naknadno uvezen u sajt. Prvi carousel koji se vidi na stranici menja slike na svake 4 sekunde uz fade tranziciju. Drugi carousel (testimonials sekcija) ima strelice pomoću kojih se prolazi kroz sav content. Inicijalno se vide 2 testimonials-a, klikom na strelicu se pojavljuje sledeći koji je sakriven.

Dropdwon menu u formi je dinamički ispisani pomoću niza objekata. Korišćenjem regularnih izraza i pravilima za popunjavanje forme se proveravaju unešeni podaci. Klikom na dugme Submit se korisniku ukazuje na greške ili prikazuje poruka za uspešnu prijavu u zavisnosti od toga da li je pravilno uneo podatke ili ne.

David Bunčić 88/20

Hi there! My name is David and I'm 22 years old. I was born in Banja Luka and raised in Pančevo. I graduated from Electro-technical high school „Nikola Tesla“ in Pancevo. Now I'm attending college at "College of Vocational Studies for Information and Communication Technologies". Before I attended college I used to work as a pizza boy and later at a mobile repair shop. After that I started fixing and reselling phones on my own.

You can contact me here: david.buncic.88.20@iict.edun.rs

About Corso

Private Data We Receive And Collect

Corso also automatically collects and receives certain information from your computer or mobile device, including the activities you perform on our Website, the Platforms, and the Applications, the type of hardware and software you are using (for example, your operating system or browser), and information obtained from cookies. For example, each time you visit the Website or otherwise use the Services, we automatically collect your IP address, browser and device type, access times, the web page from which you came, the regions from which you navigate the web page, and the web page(s) you access (as applicable). There is more to this section and we want.

When you first register for a Corso account, and when you use the Services, we collect some Personal Information about you such as:

- The geographic area where you use your computer and other mobile devices should be the same one software provider
- Your full name, username, and email address and other contact details should be provided in the contact forms
- A unique Corso user ID (an alphanumeric string) which is assigned to you upon registration should always be at front.
- Every system is backedup regularly and it will not fail
- Your IP Address and, when applicable, timestamp related to your consent and confirmation of consent but please make
- Other information submitted by you or your organizational representatives via various methods and practiced techniques

Customer Content We Process For Customers

Corso is a HTML landing page template tool. By its nature, Services enable our customers to promote their products and services integrate with hundreds of business applications that they already use, all in one place. Customer security is our primary focus in this document.

Services help our customers promote their products and services, marketing and advertising; engaging audiences; scheduling and publishing messages; and analyze the results and improve the security levels in all areas of the application.

Consent Of Using Corso Landing Page

By using any of the Services, or submitting or collecting any Personal Information via the Services, you consent to the collection, transfer, storage disclosure, and use of your Personal Information in the manner set out in this Privacy Policy. If you do not consent to the use of your Personal Information in these ways, please stop using the Services should be safe and easy to guarantee a great user experience.

          <p>Hi there! My name is David and I'm 22 years old.
I was born in Banja Luka and raised in Pančevo.
I graduated from Electro-technical high school ,,Nikola
Tesla'' in Pancevo.

          Now I'm attending college at "College of Vocational
Studies for Information and Communication Technologies".

```

Before i attended college I used to work as a pizza boy
and later at a mobile repair shop. After that i started fixing
and reselling phones on my own.</p>

<p>You can contact me here:
david.buncic.88.20@ict.edu.rs</p>
